DESCRIPTION
&
ORGANOLEPTIC
PROPERTIES

01

Context

Unrefined conventional shea butter produced using traditional barratage extraction methods. The butter retains its natural fatty acid profile and creamy texture, making it suitable for food, cosmetic, and specialty manufacturing applications.

02

Applications

- Food manufacturing (where permitted)
- Cosmetic & Personal care formulations
- Haircare and body care products
- Ointments, balms, and specialty formulations

03

Specifications

- **Product Name:** Shea Butter (Unrefined)
- **Botanical Name:** *Vitellaria paradoxa*
- **INCI Name:** Butyrospermum Parkii (Shea) Butter
- **CAS Number:** 91080-23-8 / 194043-92-0
- **HS Code:** 1515.90.90 / 1515.90.20
- **Form:** Unrefined butter

Section 1 Physical & Organoleptic Properties

Origin & Sourcing

Country / Region of Origin:

Burkina Faso & West Africa

Source: Women-led cooperatives and local producers

Sourcing Method: Ethical, community-based supply chain

Raw Materials Details

Plant Part Used: Shea nuts

Processing Method: Hand-harvested, traditionally processed (barratage), unrefined

Additives / Preservatives: None

GMO Status: Non-GMO

Packaging, Storage & Shelf Life

Packaging: Food-grade containers or bulk packaging upon request

Storage Conditions: Store in a cool, dry place away from direct heat, moisture, and sunlight. Temperature: 15–25°C.

Shelf Life: 24 months when stored under recommended conditions

DISCLAIMER

This product is supplied as a raw agricultural or botanical material intended for professional manufacturing, formulation, or further processing use only. It is not intended for direct consumer sale without appropriate testing, processing, and regulatory assessment.

Under applicable regulations including, but not limited to, EU Regulation (EC) No 1223/2009 (Cosmetics), EU General Food Law, Health Canada Cosmetic Regulations, CFIA requirements, and U.S. FDA regulations, the responsibility for ensuring finished product safety, stability, labeling compliance, allergen declaration, permissible usage levels, and required market notifications rests solely with the manufacturer, importer, or Responsible Person placing the finished product on the market.

Lafi Wholesale supplies raw materials and does not assume responsibility for finished formulation compliance, safety assessments, Product Information Files (PIF), Cosmetic Product Notifications (CPNP), food safety validation, HACCP implementation, or post-market surveillance obligations.

Buyers are responsible for conducting appropriate testing, including but not limited to stability studies, microbial analysis, heavy metal testing, challenge testing (where applicable), and regulatory verification to ensure compliance within their intended jurisdiction.

Product characteristics may vary due to natural harvest conditions, seasonal variations, and processing factors. It is the purchaser's responsibility to verify suitability prior to use, manufacturing, or resale.

Lafi Wholesale shall not be held liable for damages arising from improper use, handling, storage, processing, or regulatory non-compliance beyond agreed contractual terms.

THANK YOU

*for your continued trust in
Lafi Wholesale.*

We appreciate your trust in our sourcing standards and quality commitment. For additional documentation, support, or customized specifications, our team remains at your disposal.
